QUICK TIPS:

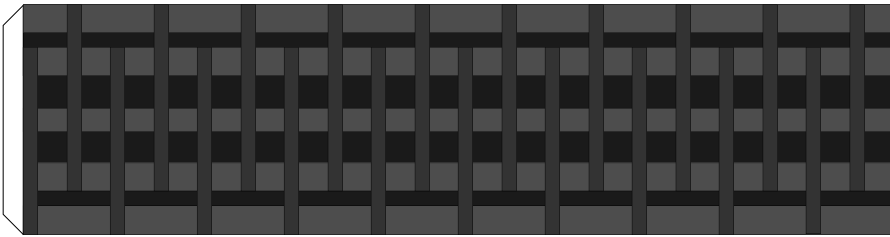

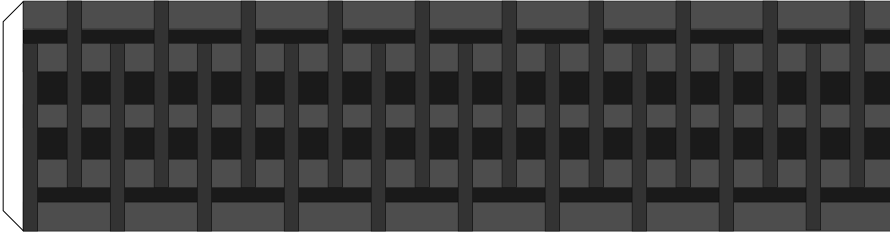

Some of the flaps are rather small. If it is too difficult for you to assemble the parts cut the flaps off.

Use toothpicks for parts 44 & 53 if the paper versions are too small for you.

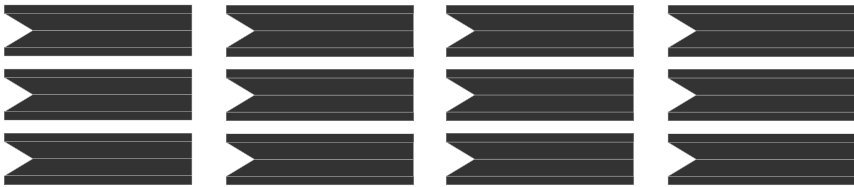

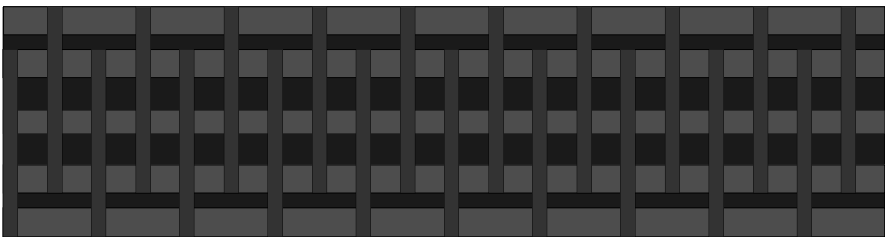

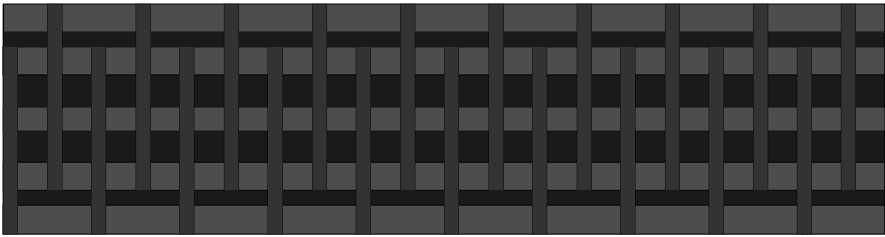

If you have difficulties assembling the frame parts (9/10, 31/32/a-d) skip parts 10 and a - d and laminate parts 9, 31 & 32 to cardboard till they have the desired thickness (exactly like the rail).

Parts 63 are not necessary because of the smaller scale. So you don't find them in this kit.
